Abstract of the Disclosure

A profit redistribution device, profit redistribtion method, program storage medium, profit redistribution system, content providing device, content providing method, program storage media, and content providing system are disclosed. Profits redistribution processing is performed according to the accumulated points proportionate to the number of times the content with a commercial video is provided to a client PC 4. Thus, a fair profit redistribution can be easily performed. A preset content with a commercial video is provided to a user when requested from the client PC 4, and it is possible to surely provide advertisement information without the user being aware of the commercial.
